

# OLUWASEYITAN AMUSAN

Frontend Software Engineer | React & Next.js Specialist  
[seyiamusan151@gmail.com](mailto:seyiamusan151@gmail.com)

Detail-oriented Frontend Software Engineer and Computer Engineering student. Combines strong technical skills with experience AI-assisted development to enhance debugging, documentation, and productivity.

## PROJECTS

### Maglo – Finance Management Dashboard

Frontend Developer (*Intern*)

Live Demo: [maglo-dashboard.netlify.app/auth/login](https://maglo-dashboard.netlify.app/auth/login)

GitHub: [github.com/seyi amusan/maglo](https://github.com/seyi amusan/maglo)

Engineered a full-stack finance dashboard using Next.js, React, and Tailwind CSS. Implemented secure user authentication with Appwrite and state management with Zustand. Developed dynamic data visualizations with Recharts and complete CRUD interface. Result: Passed technical evaluation with commendation for problem-solving and production-level code.

### Naija Nutri Hub – Open Source

Frontend Contributor

GitHub: [github.com/seyi-amusan/naija-nutri-hub-frontend](https://github.com/seyi-amusan/naija-nutri-hub-frontend)

Achieved First Runner-Up in Hacktoberfest 3.0 (Backend & Frontend). Contributed 14 merged pull requests across the stack. Integrated core authentication workflows using Next.js, TypeScript, and ShadCN/UI. Collaborated in cross-functional Agile team to deliver production-grade UX. Collaborated with ML/AI engineers to integrate intelligent features and data driven solutions. Experience & Hackathon: Hacktoberfest Open Source Challenge 3.0 — First Runner-Up Oct 2025. Microsoft Learn Student Ambassadors × GitHub Campus Experts. Demonstrated full-stack proficiency contributing to frontend and backend services. Gained hands-on experience in open-source collaboration and Agile development.

## EDUCATION

University of Lagos — BSc. Computer Engineering  
2024 – Present

## Portfolio:

[seyi-amusan.github.io/portfolio](https://seyi-amusan.github.io/portfolio)

## github:

[github.com/seyi-amusan](https://github.com/seyi-amusan)

## linkedin:

[linkedin.com/in/seyi-amusan-414895294](https://linkedin.com/in/seyi-amusan-414895294)

## TECHNICAL SKILLS

### Languages & Markup:

JavaScript (ES6+) | TypeScript |  
HTML5 | CSS3 | SCSS

### Frameworks & Libraries:

React | Next.js | Tailwind CSS |  
Bootstrap | Bulma

### Tools & Platforms:

Git | GitHub | Firebase | Linux |  
REST APIs | Appwrite

### Development Practices:

Responsive Web Design | API  
Integration | Agile Methodologies

## CERTIFICATIONS AND VIRTUAL EXPERIENCES

### Skyscanner Front-End Software Engineering

Forage-Sept 2025

Built travel date selection page using Skyscanner's Backpack React library

### Commonwealth Bank Software Engineering

Forage-Sept 2025

Developed responsive web pages and learned financial cybersecurity principles

## AWARDS AND SCHOLARSHIPS

### GIAMB Cash Award

Great Ife Alumni Modakeke Branch  
Oct 2025

### Best WASSCE Student in Modakeke

The Late Honourable Odelola Foundation (Dec 2024)

### Full Tuition Scholarship

EMTA Foundation (Dec 2024)

### 1st Position – Nigerian Mathematics Olympiad, Round One

National Mathematical Center, Abuja  
Mar 2024
