Emily Mojirola and Thomas Adesiyun Ojo Foundation
Awarded a full scholarship covering tuition based on academic excellence and high performance from a competitive pool of applicants.
- **1st Position – Nigerian Mathematics Olympiad, Round One** Mar 2024
National Mathematical Center, Abuja
Placed 1st in Round One of a nationwide mathematics competition, demonstrating strong analytical and problem-solving skills.

EXPERIENCE

Frontend Engineer | Ibadan Digital Academy.

Feb 2026

- Developing and maintaining the Super Admin module of a multi-tier financial services platform
- Built reusable UI components, reducing development time for new features by ~20%..
- Converted Figma designs into responsive, pixel-perfect UI components..

Frontend Engineering Intern | Ascent Tech Hub Africa.

Dec 2025 - March 2026

- Contributed to Ascent Finance Suite, a finance management software, by implementing dashboard designs and logic, building components, and integrating APIs

PROJECTS

Maglo – Finance Management Dashboard

Nov 2025

- Engineered a full-stack finance dashboard using Next.js, React, and Tailwind CSS Implemented secure user authentication with Appwrite and state management with Zustand
- Developed dynamic data visualizations with Recharts and complete CRUD interface
- **Result:** Passed technical evaluation with commendation for problem-solving and attention to detail.

Live Demo: maglo-dashboard.netlify.app/auth/login **GitHub:** github.com/seyi-amusan/maglo

Speech Noise Reduction for Aviation Systems

Jan 2026

Designed and simulated a band-pass digital filter in Python to improve speech intelligibility in small aircraft cockpits environments, with FPGA-based real-time implementation

HACKATHON

Hacktoberfest Open Source Challenge 3.0. First Place winner. Microsoft Learn Student Ambassadors × GitHub Campus Experts

Oct 2025

Contributed 14 merged pull requests across the stack

Demonstrated full-stack proficiency contributing to frontend and backend services

Gained hands-on experience in open-source collaboration and Agile development

Post-hackathon, I continued contributing to the project by invitation until its completion, based on the quality of my work.
